FREE TIME

Hi, my name is James. I am from England. My favourite activity in my free time is reading novels. I love reading. I usually read every day when I get home after work. I like sitting on the sofa with a book and a cup of coffee and reading. This is a very relaxing moment.

However, I have other activities that I like too.

I play basketball in a team. I train three times a week and I play a match at the weekend.

Finally, I love walking in the parks with my wife Liz. San Francisco has beautiful parks in the city. It's great!
