PETS

Hi, I am James. I am from England. I don't really like pets but my wife Liz loves them...

I have three pets. I have a parrot and two fish. My parrot's name is Twitter. He is a colourful parrot. He is quite big. He is always talking. He is happy when Liz and I are at home playing with him but he is sad when we go to work. He loves music. He sings when he listens to music.

The two fish are very funny. They live in a fishbowl. Their names are Black and White. They are small. They like swimming very fast. They start jumping when Twitter is singing.
