## **BEST QUALITIES**

Hello, my name is Sami. I am from England. My best quality is probably my friendliness. I am a very friendly person. I love people and I love my friends. I always try to be very positive and polite to people. My friends say that I am a very good friend. I think it's true. I am considerate with them and I am a very good listener. I like listening to them when they have a problem or they have a bad day. Also, I think that another one of my best qualities is that I am a hardworking person. I love working as a teacher and I work very hard. I like it when my students learn English and they are happy.
